

All In One Solar System

3KW All In One Solar System

- ✓ Colorful display interface
- ✓ Plug and play
- ✓ All in one design to save complicated cable connection procedures
- ✓ Portable handlebars and easy mobility wheels design
- ✓ Charger, discharge, circuit short/open etc, protection
- ✓ High frequency solar inverter
- ✓ MPPT solar charge controller
- ✓ 6000cycles LiFePO4 batteries
- ✓ Double cooling fan to expand the lifespan

5KW All In One Solar System

- ✓ Colorful display interface
- ✓ Plug and play
- ✓ All in one design to save complicated cable connection procedures
- ✓ Portable handlebars and easy mobility wheels design
- ✓ Charger, discharge, circuit short/open etc, protection
- ✓ High frequency solar inverter
- ✓ MPPT solar charge controller
- ✓ 6000cycles EVE A Grade LiFePO4 battery
- ✓ Double cooling fan to expand the lifespan

5KW 10KWH All In One Solar System

- ✓ Colorful display interface
- ✓ Stackable design for flexible storage batteries capacity option
- ✓ No cable connection, plug and play with safe and reliable option
- ✓ Plug and play
- ✓ Standard plug for AC in & out, MC4 PV connector
- ✓ High frequency solar inverter
- ✓ MPPT solar charge controller
- ✓ 6000cycles EVE A Grade LiFePO4 battery
- ✓ Double cooling fan to expand the Lifespan
